**Outdoor spaces**

**Protective canopies:  
The “Fifth façade”**

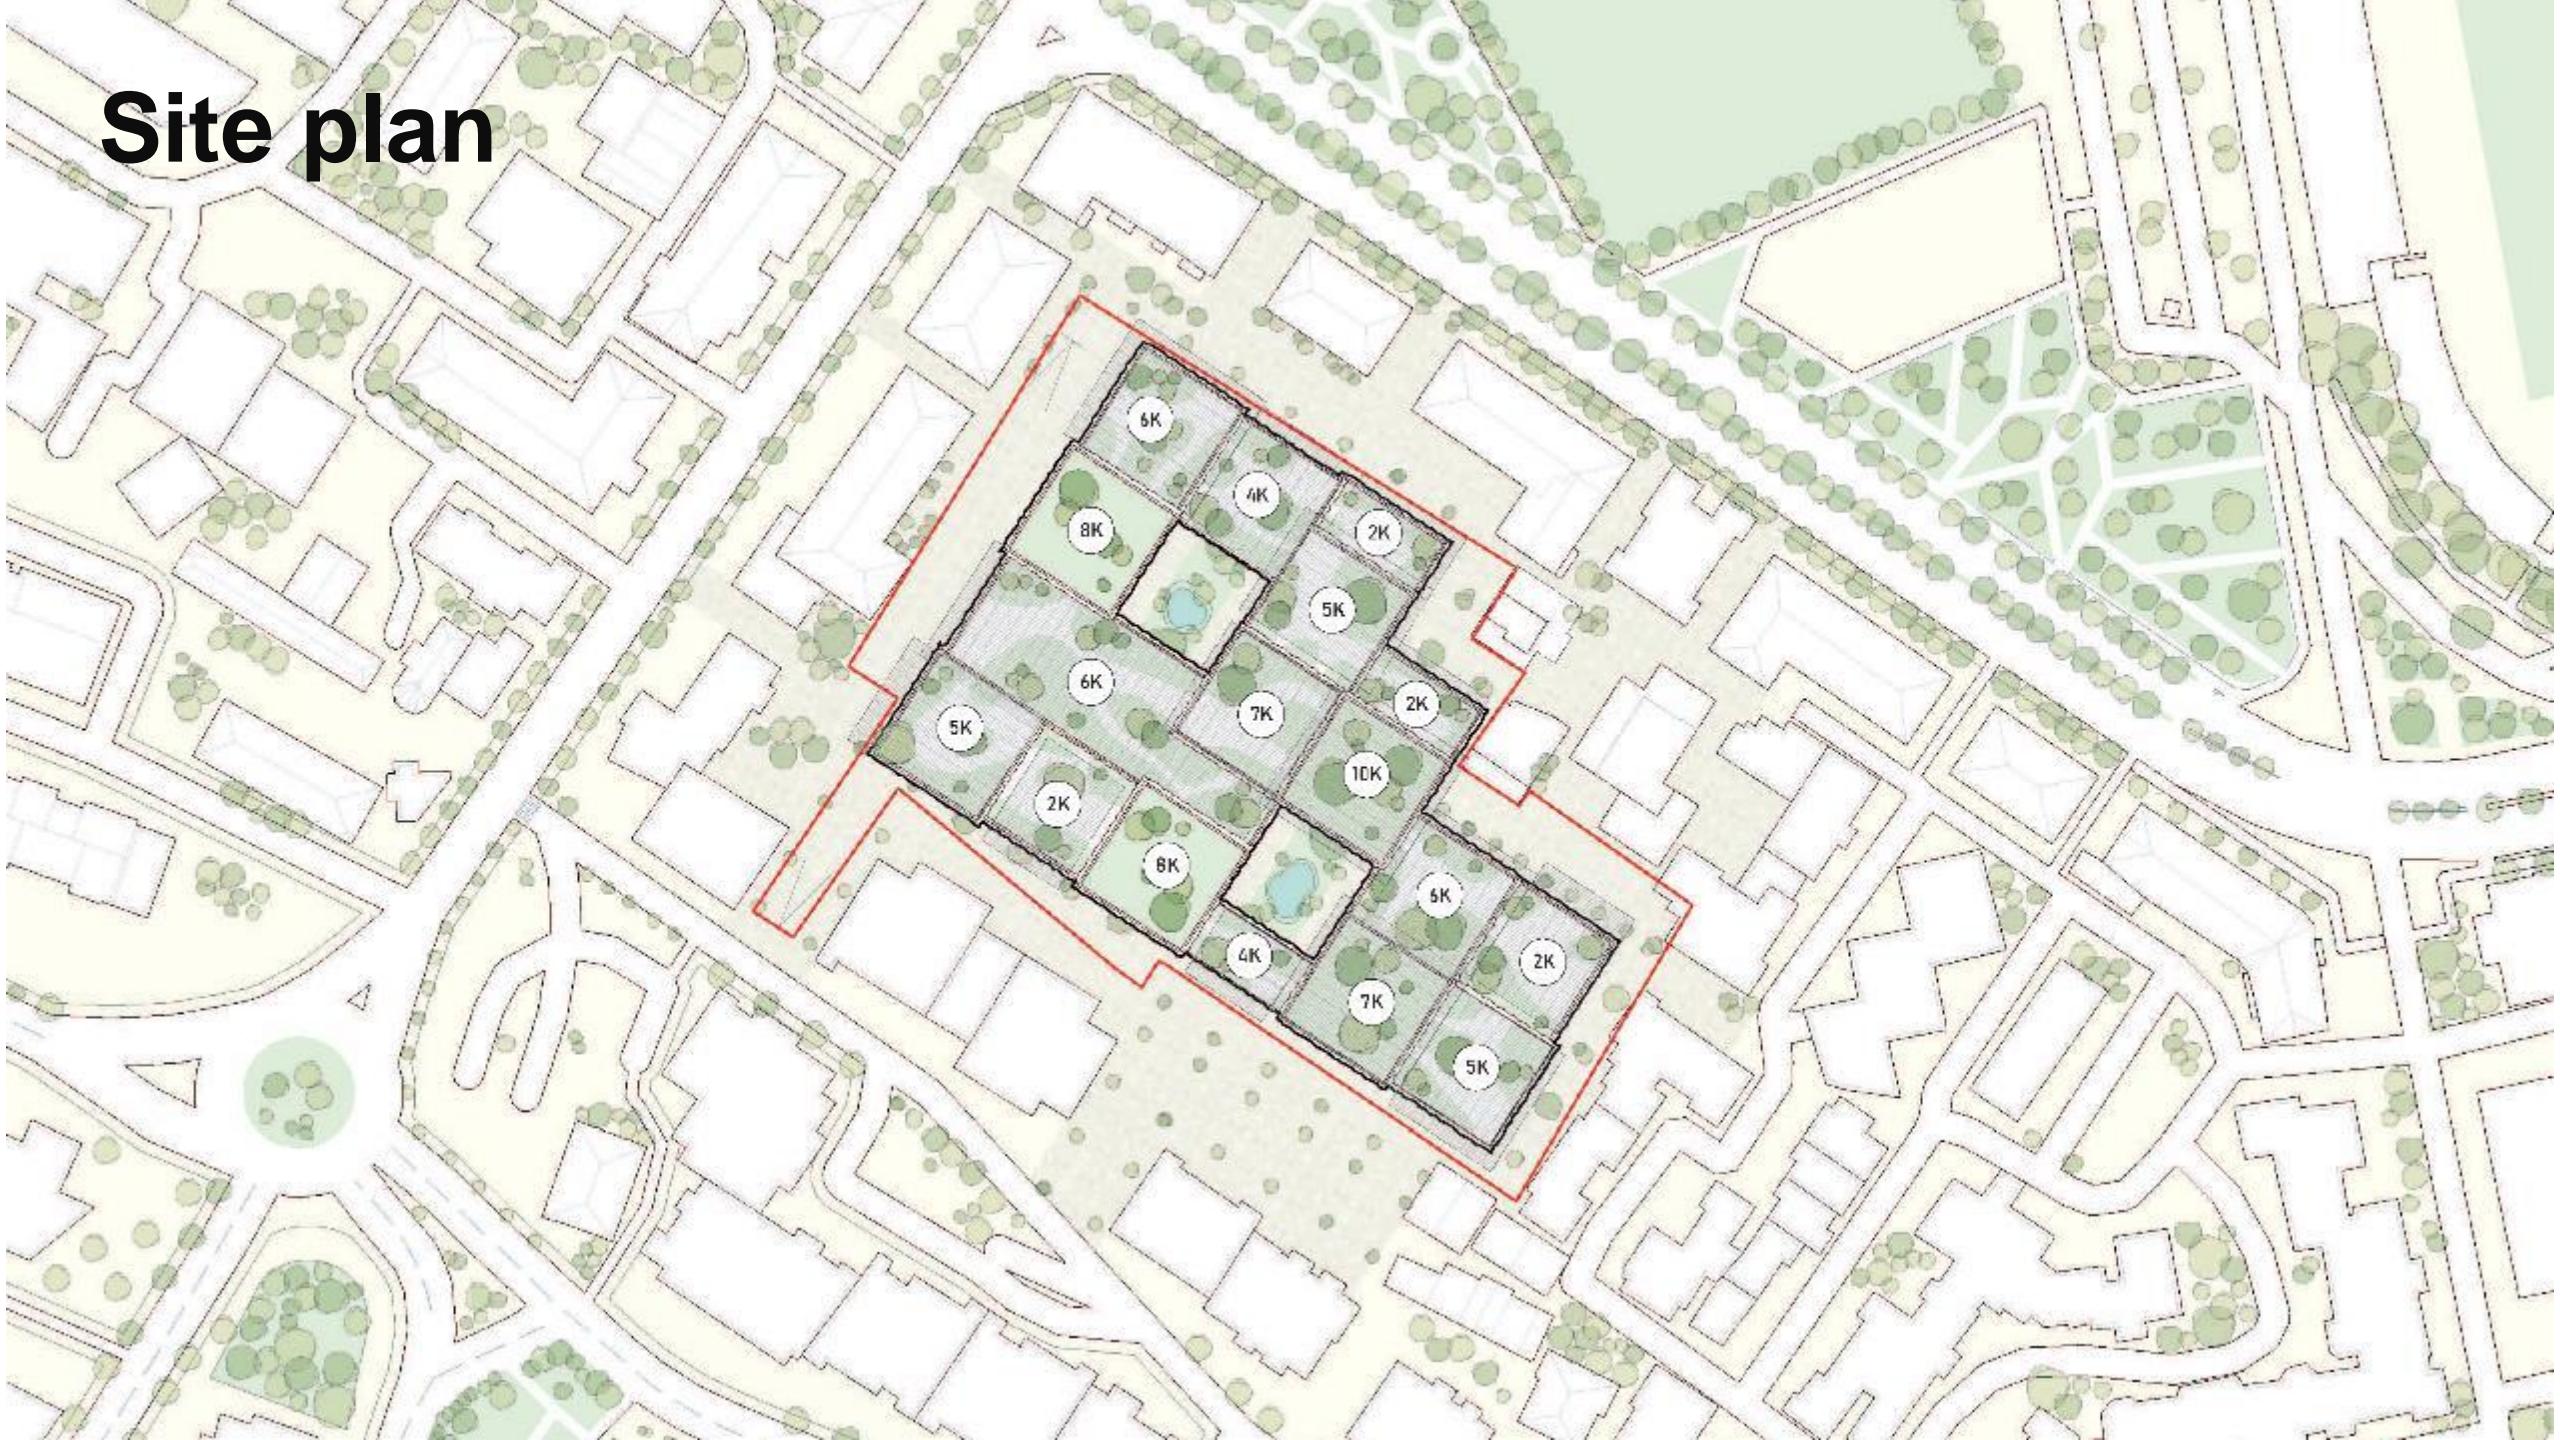

**The building as a  
canvas**

# A Canopy of Community

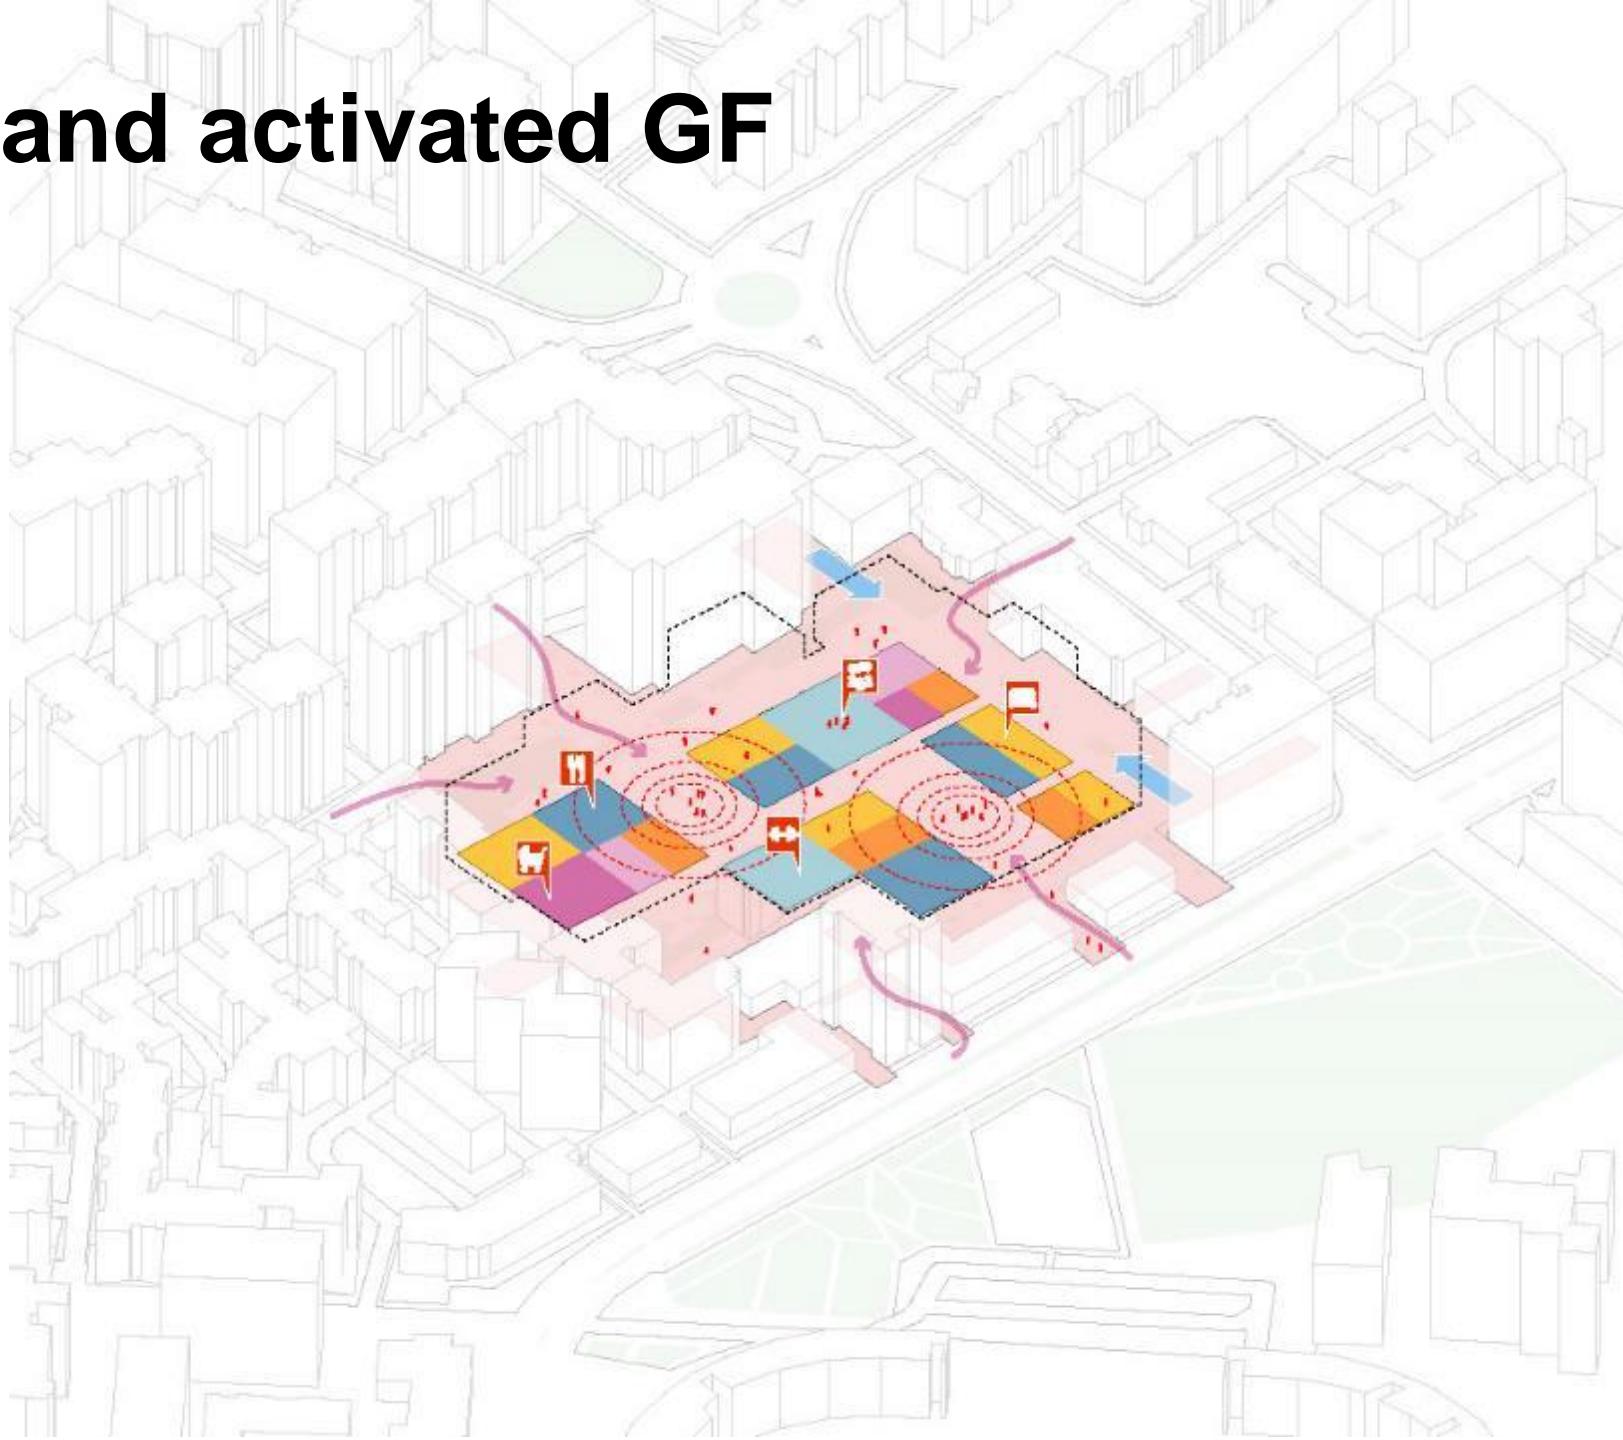

# Site plan

# Dialogue of Art & Architecture

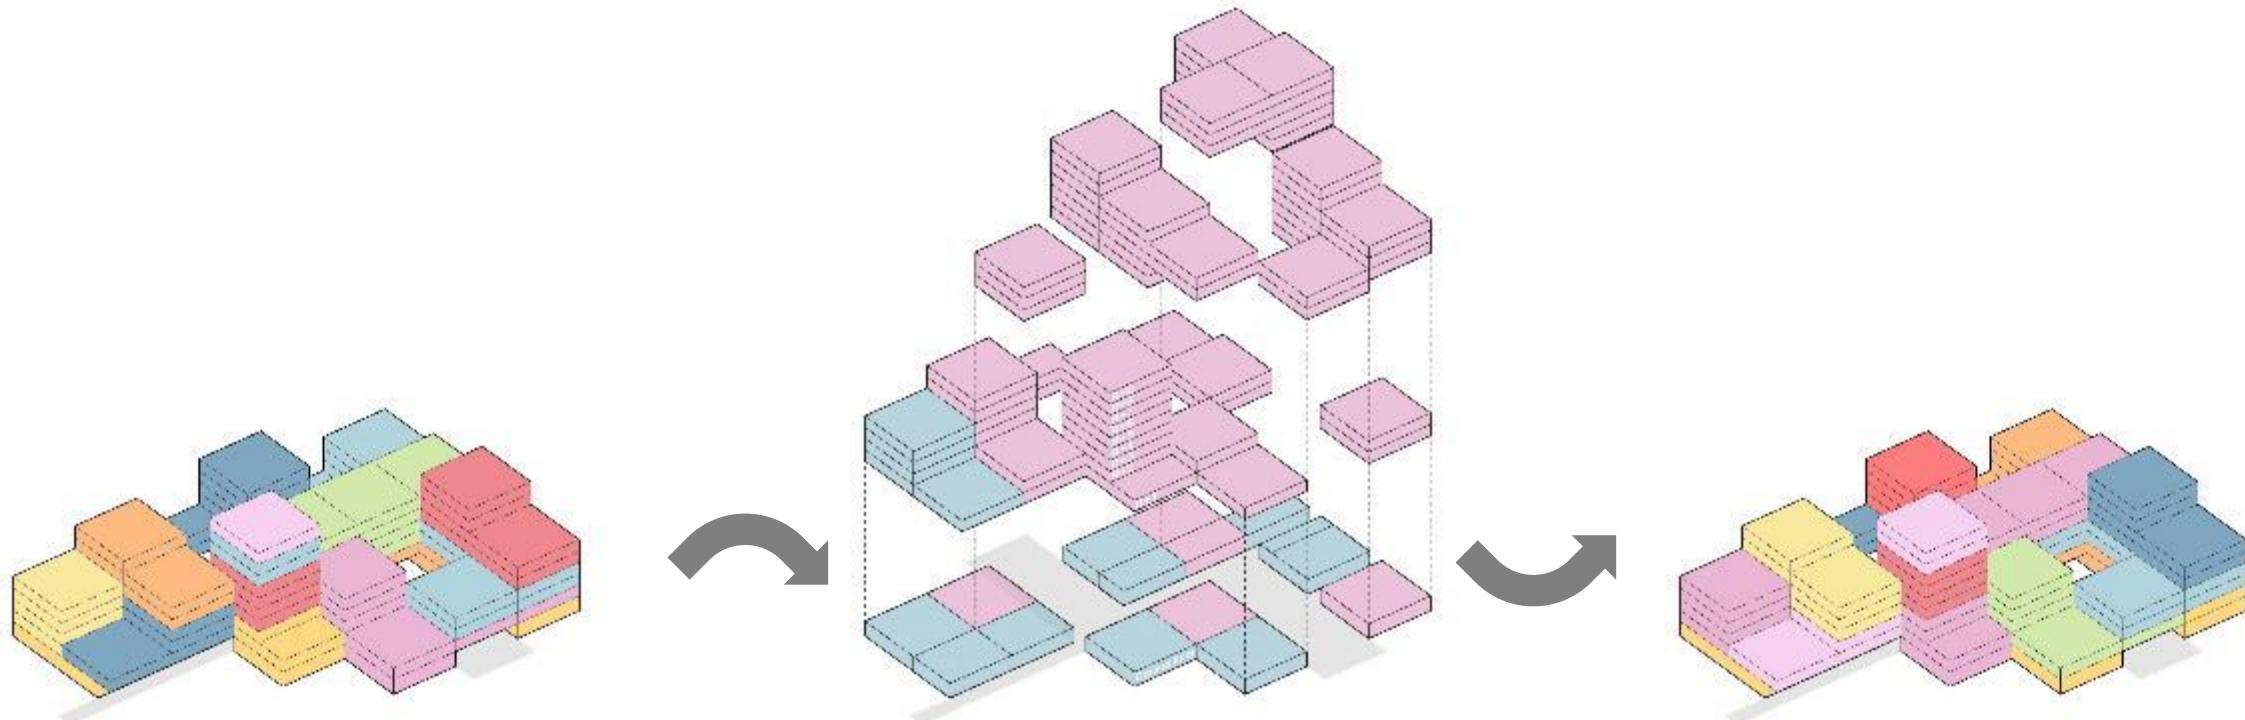

# Porous and activated GF

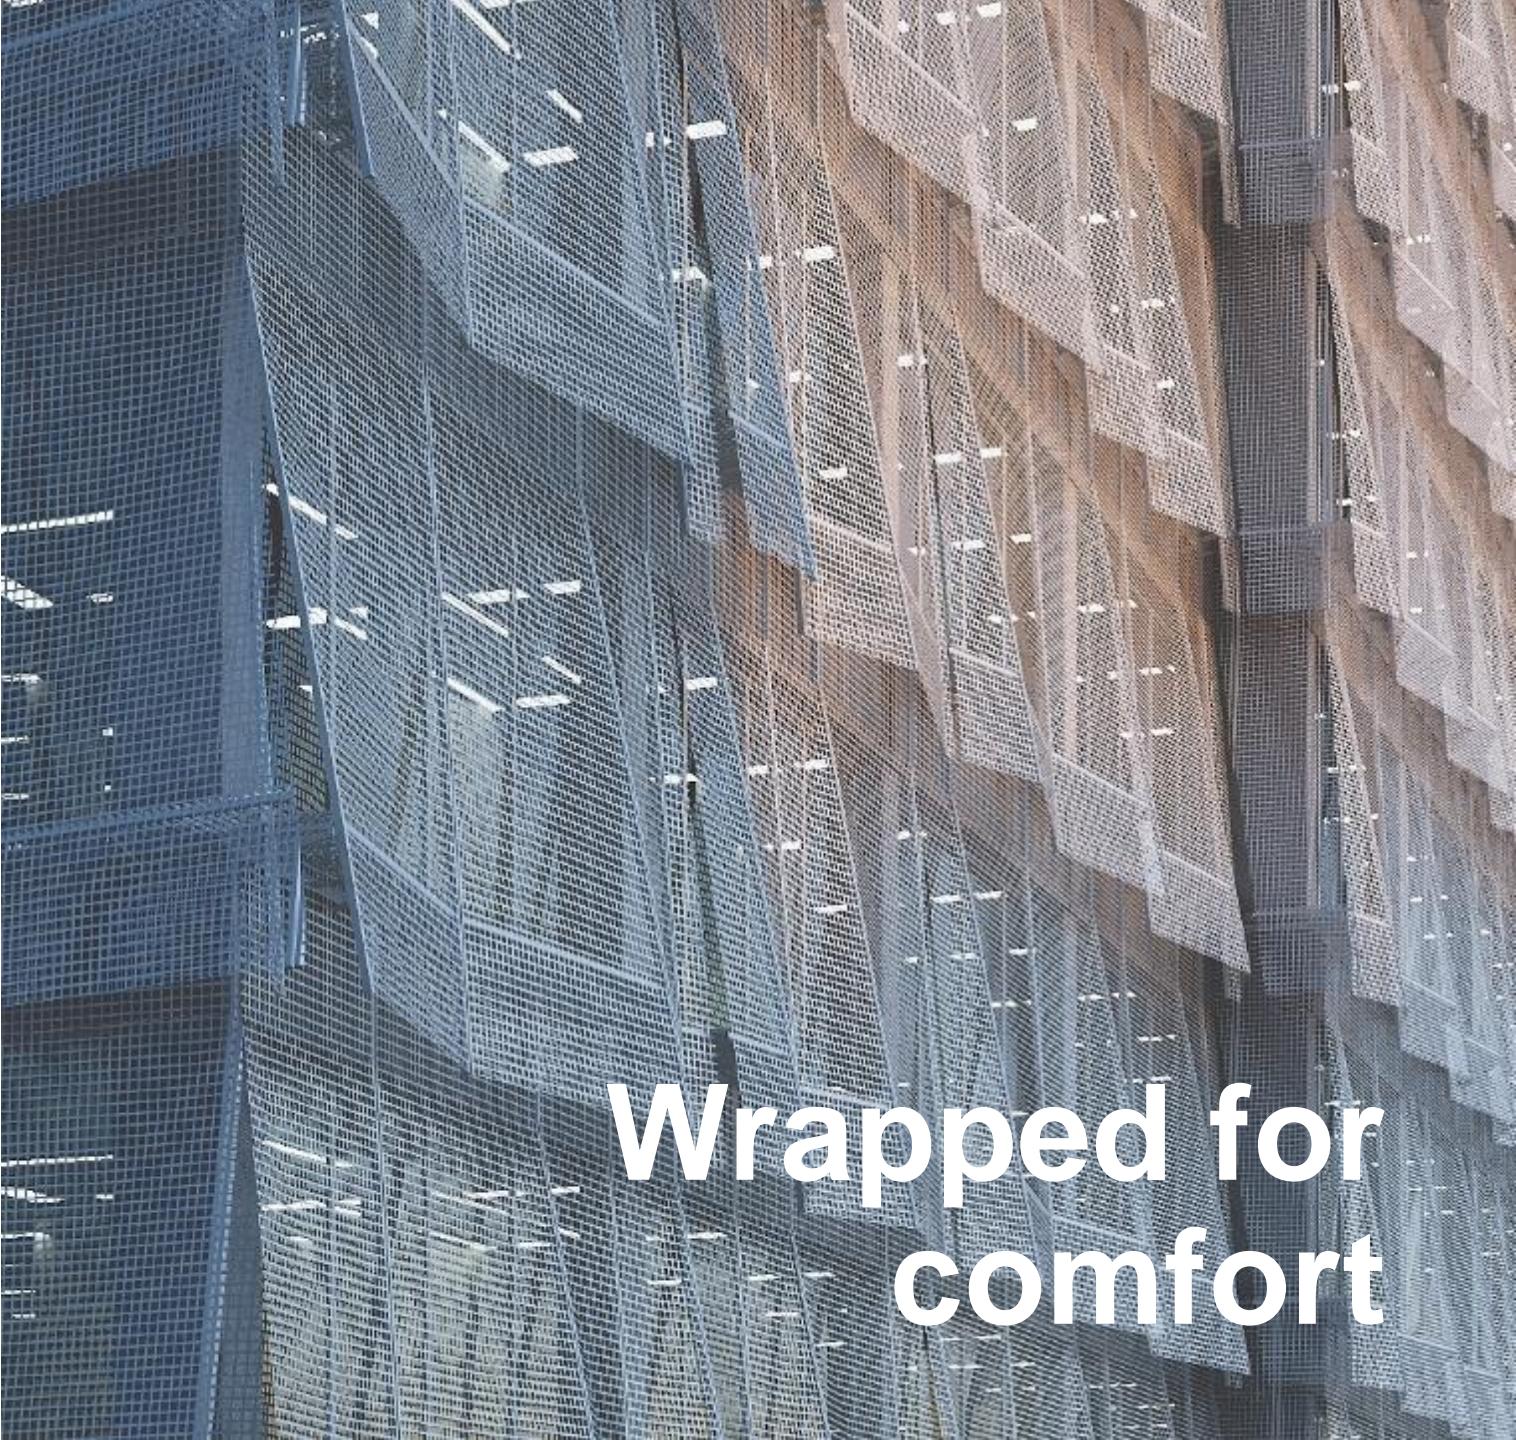

# A new heart for the neighbourhood

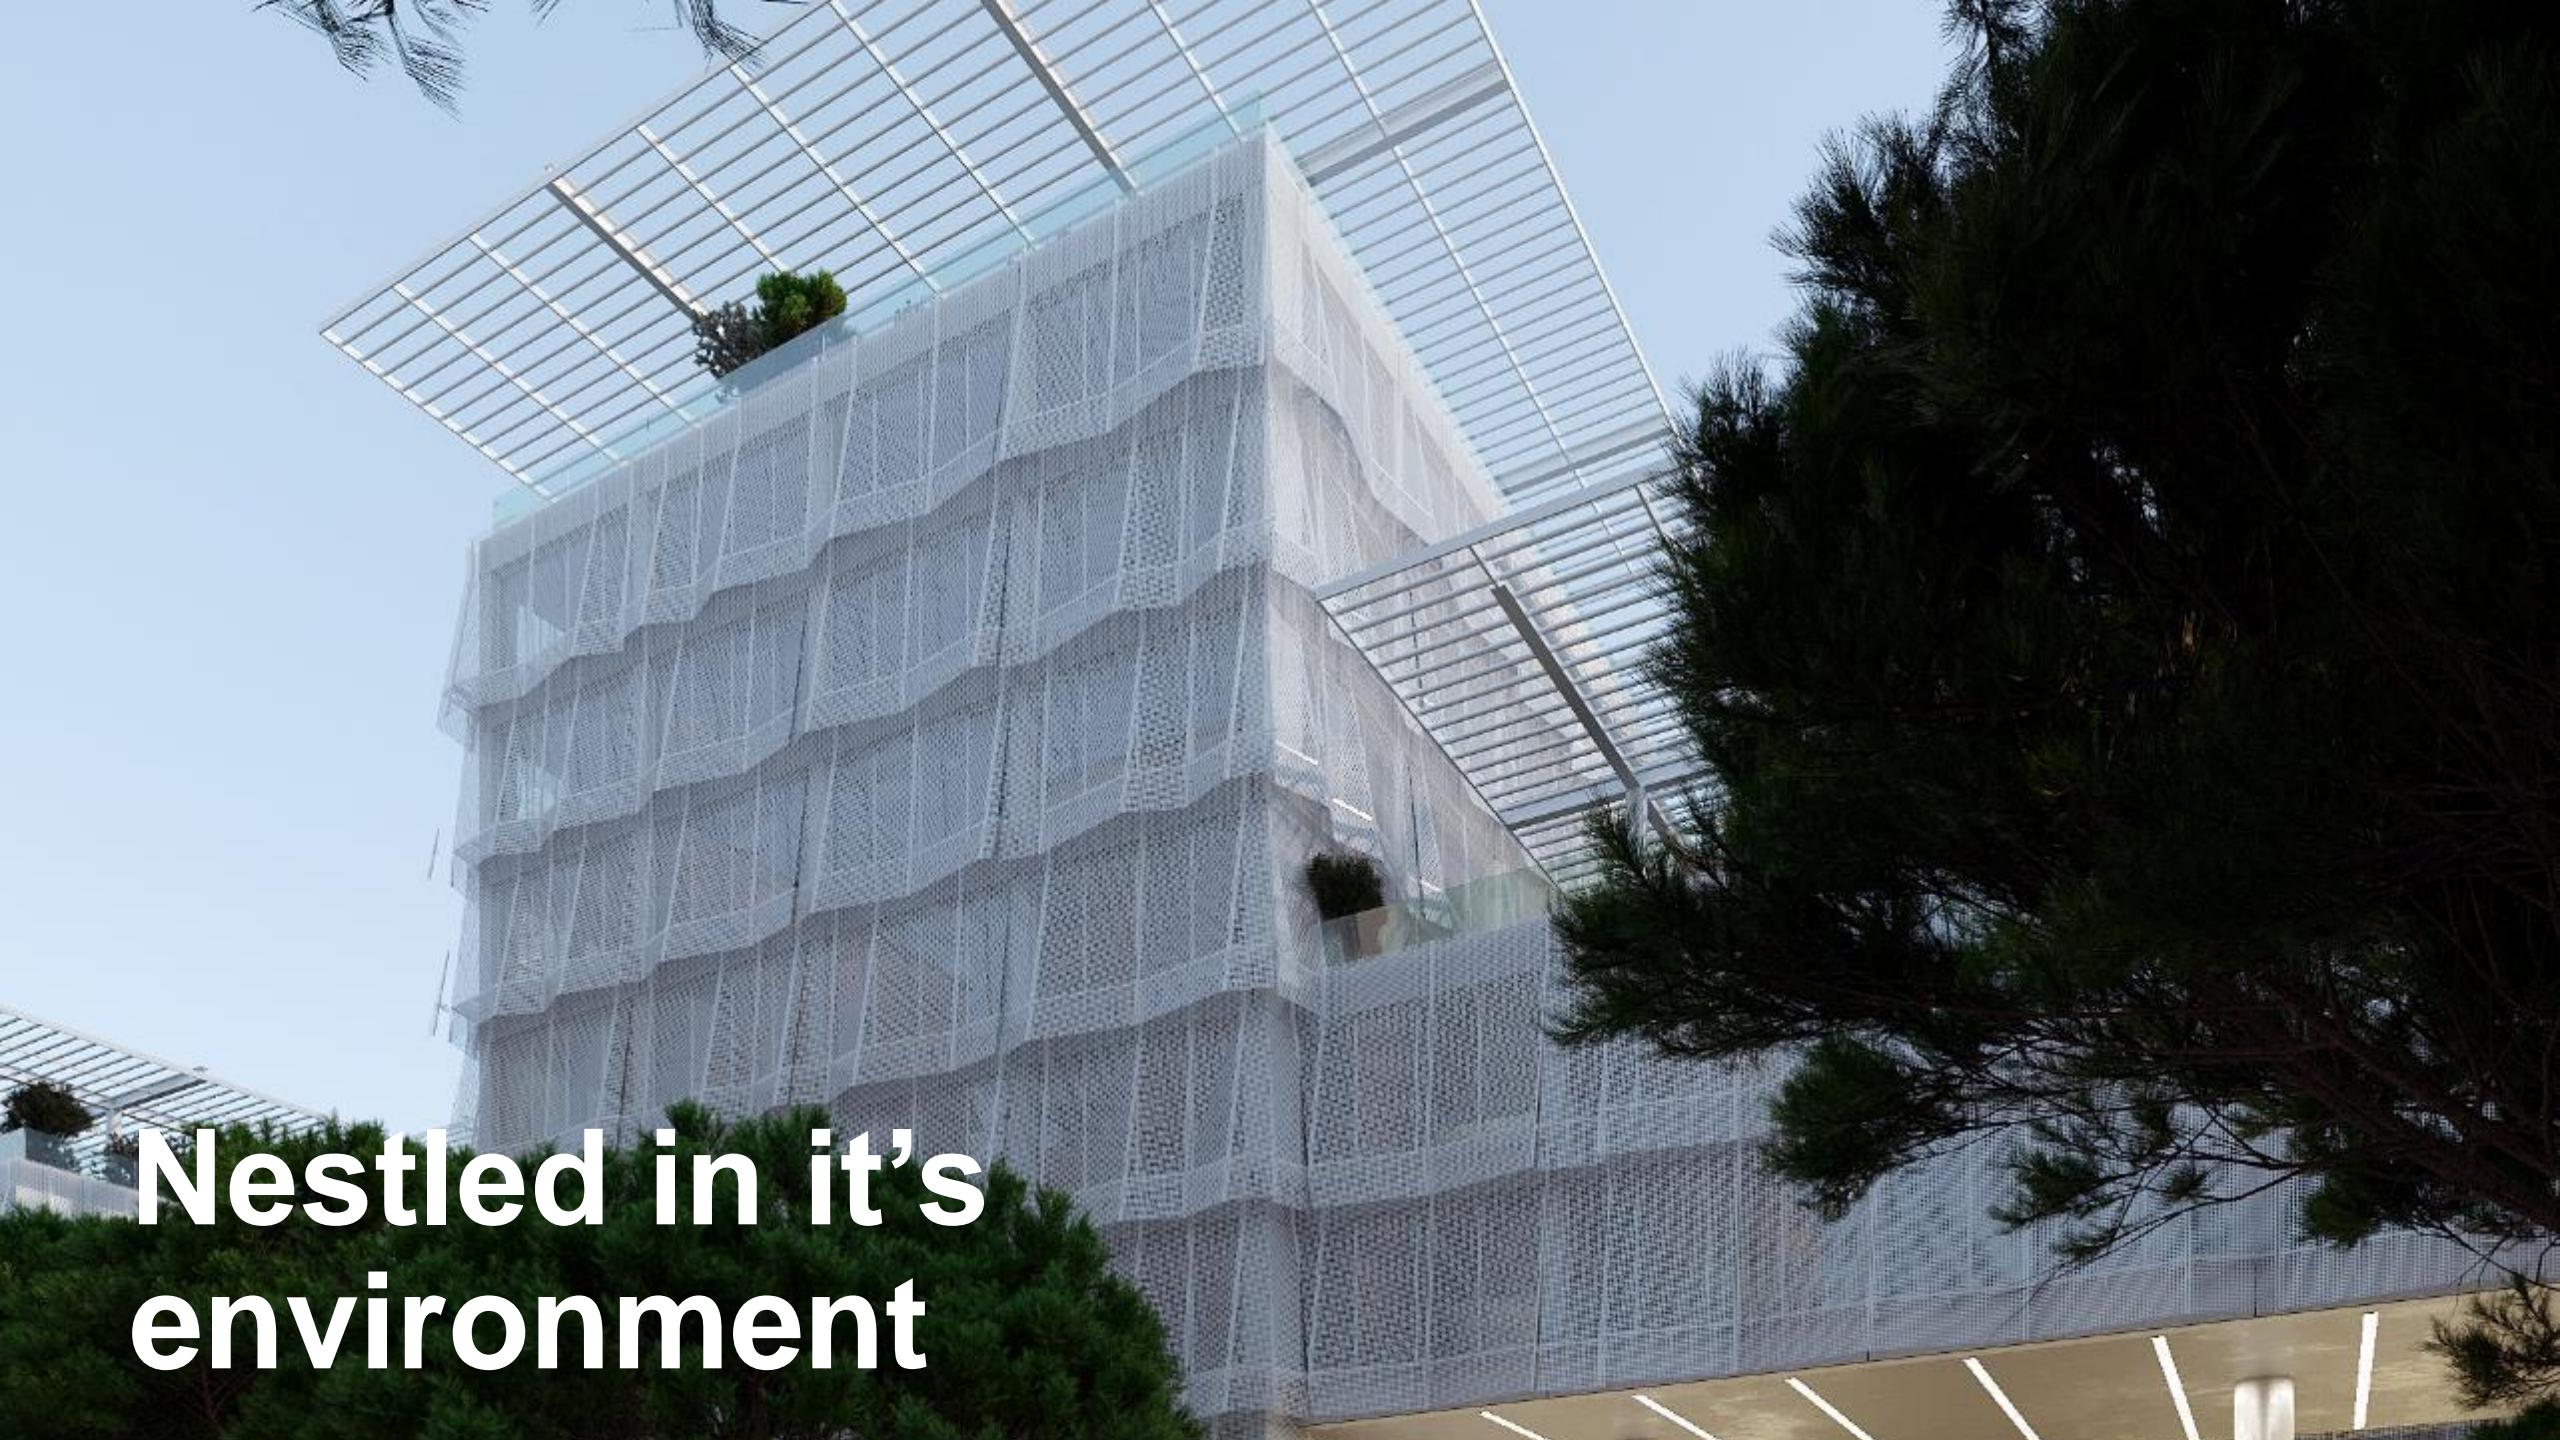

# Maximum flexibility and efficiency

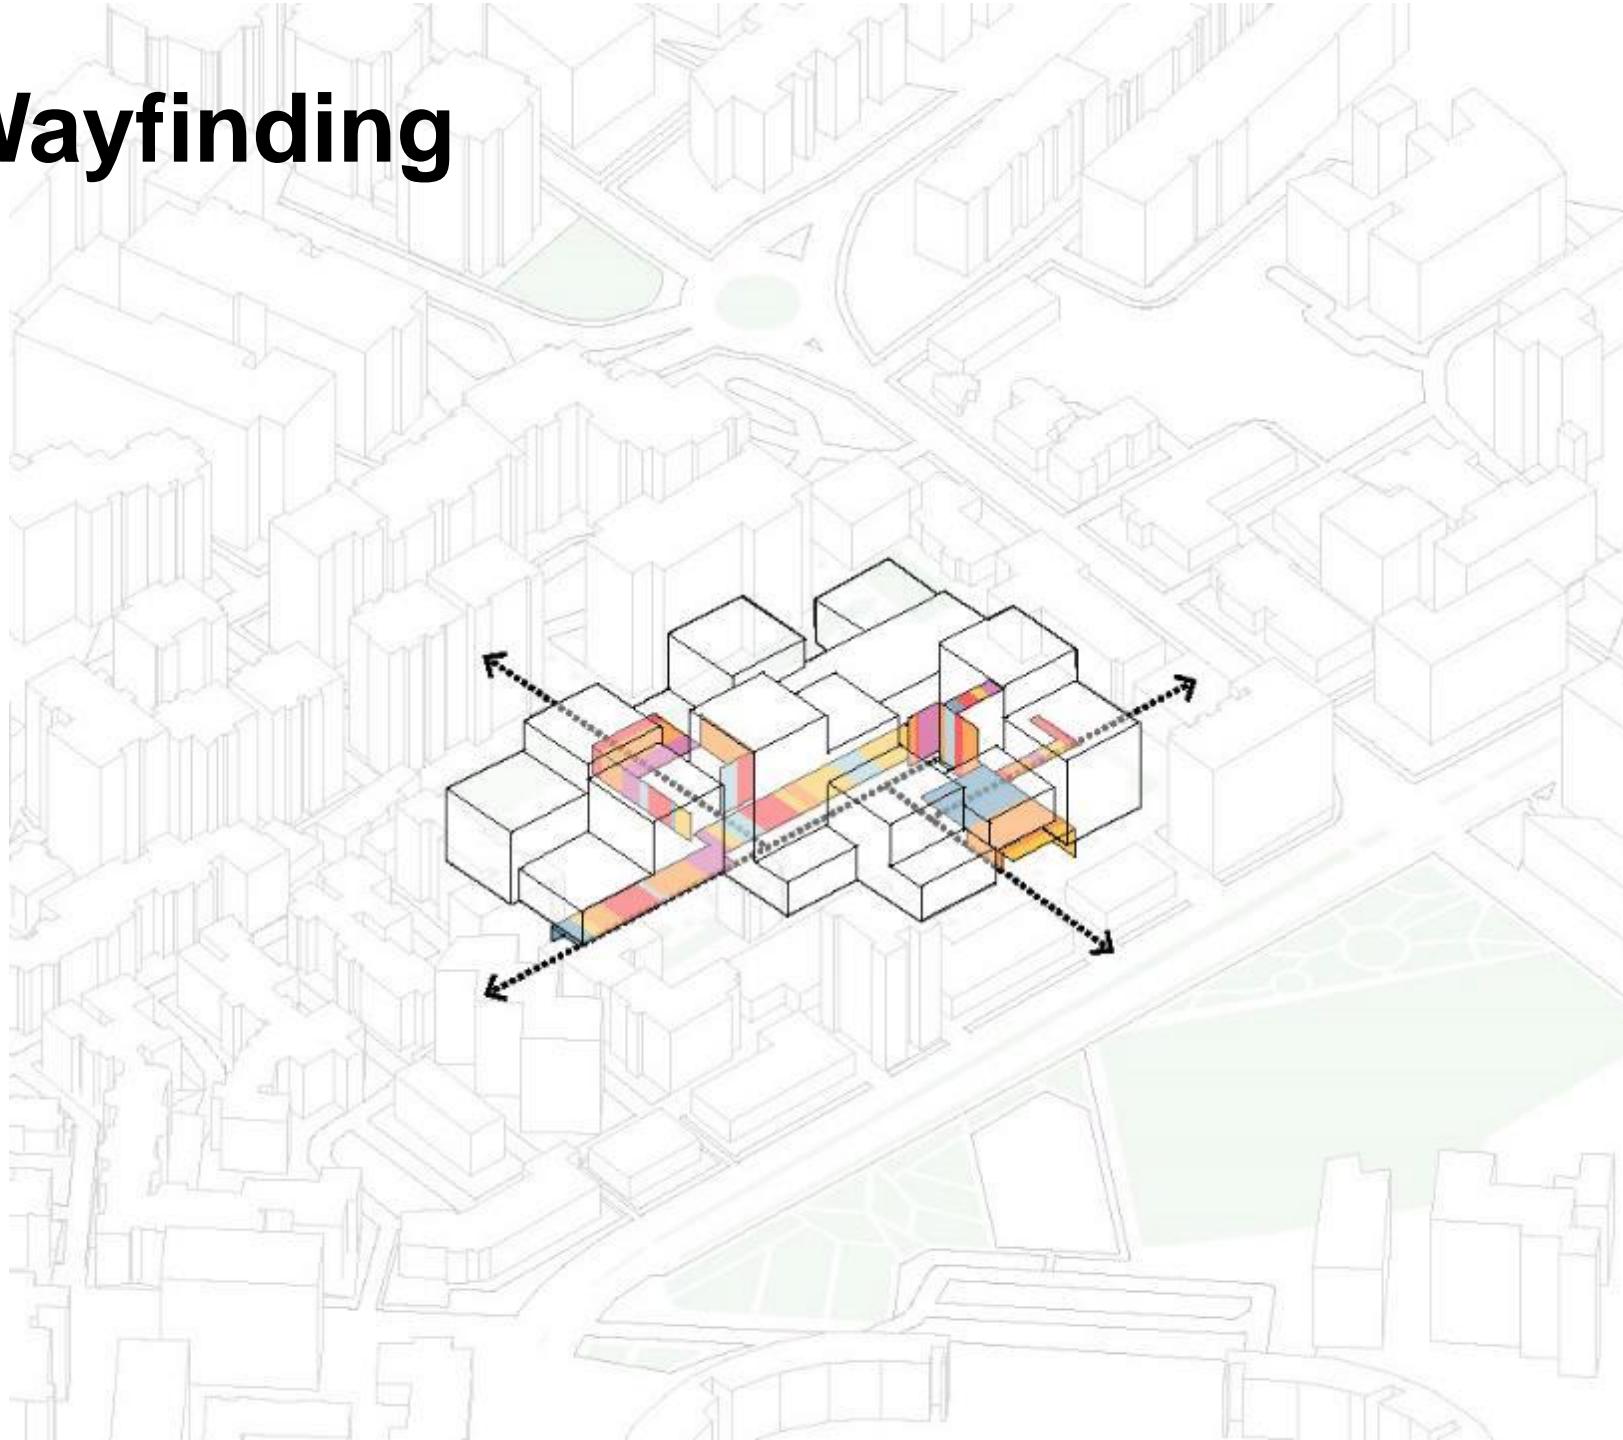

Wrapped for  
comfort

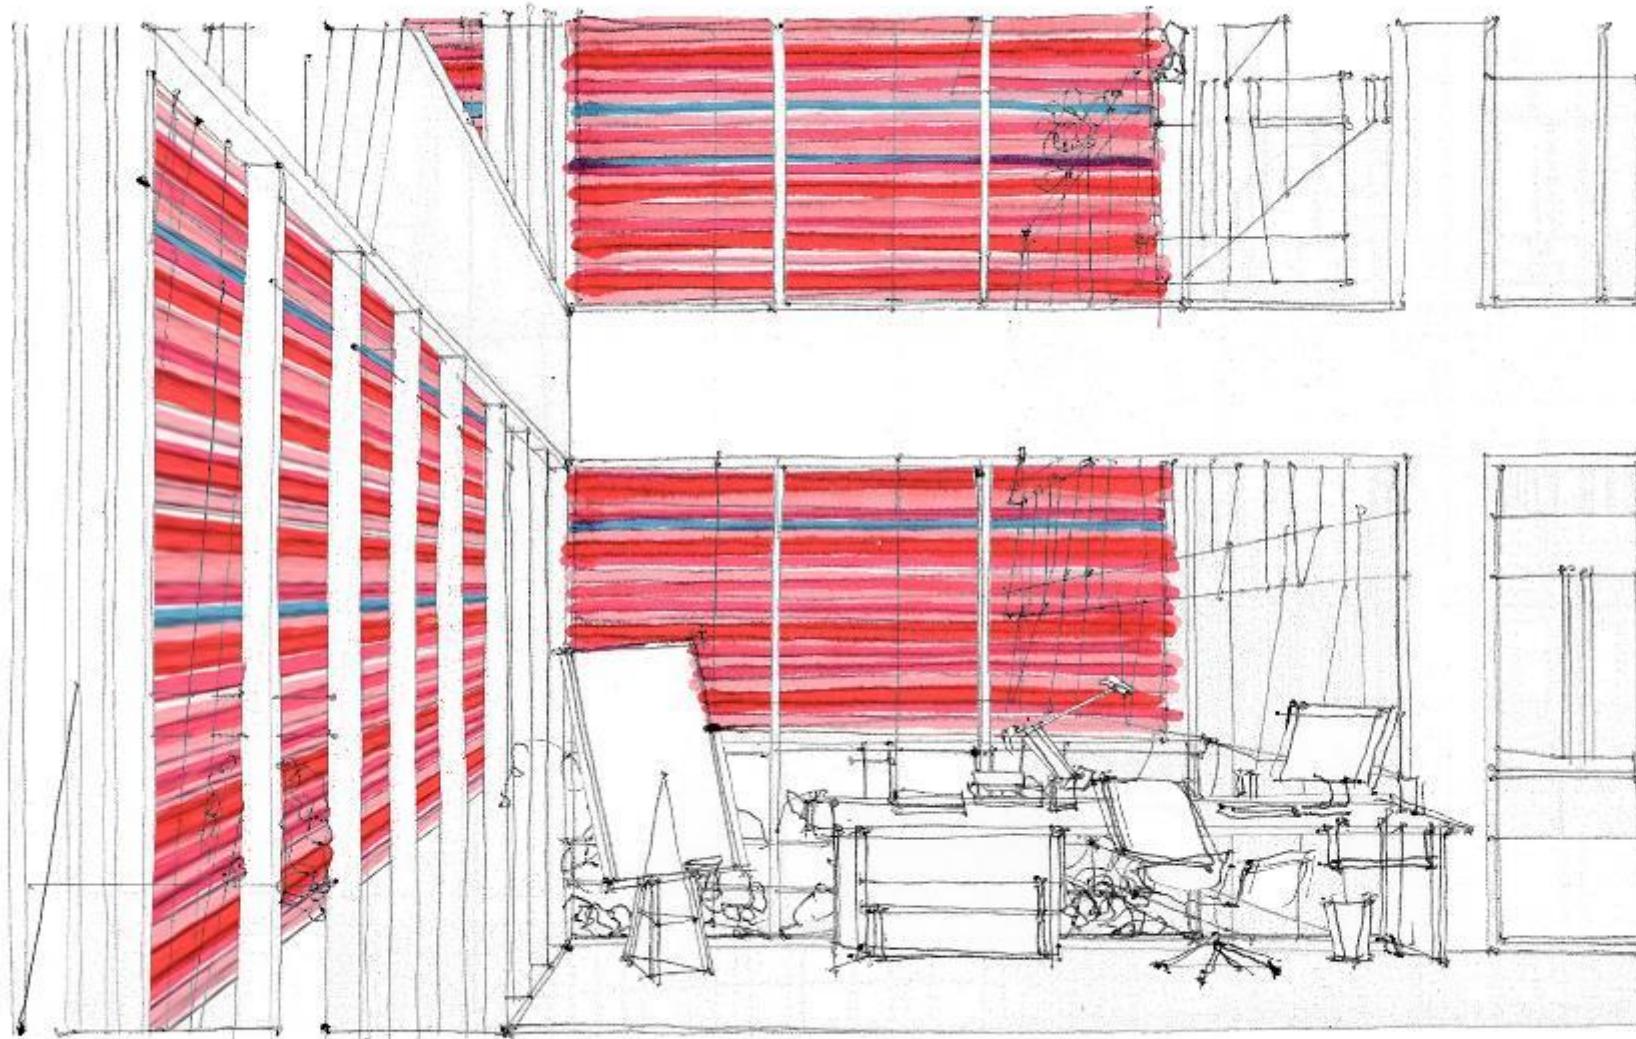

A photograph of a modern, multi-story building with a distinctive perforated metal facade that creates a wavy, organic pattern. The building features a glass roof with a grid of rectangular panels. Small green plants are integrated into the design, growing in planters on the roof and in the perforations of the facade. The building is surrounded by tall, dark evergreen trees, and a paved area with white lines is visible in the foreground.

**Nestled in its  
environment**

# Art as Wayfinding

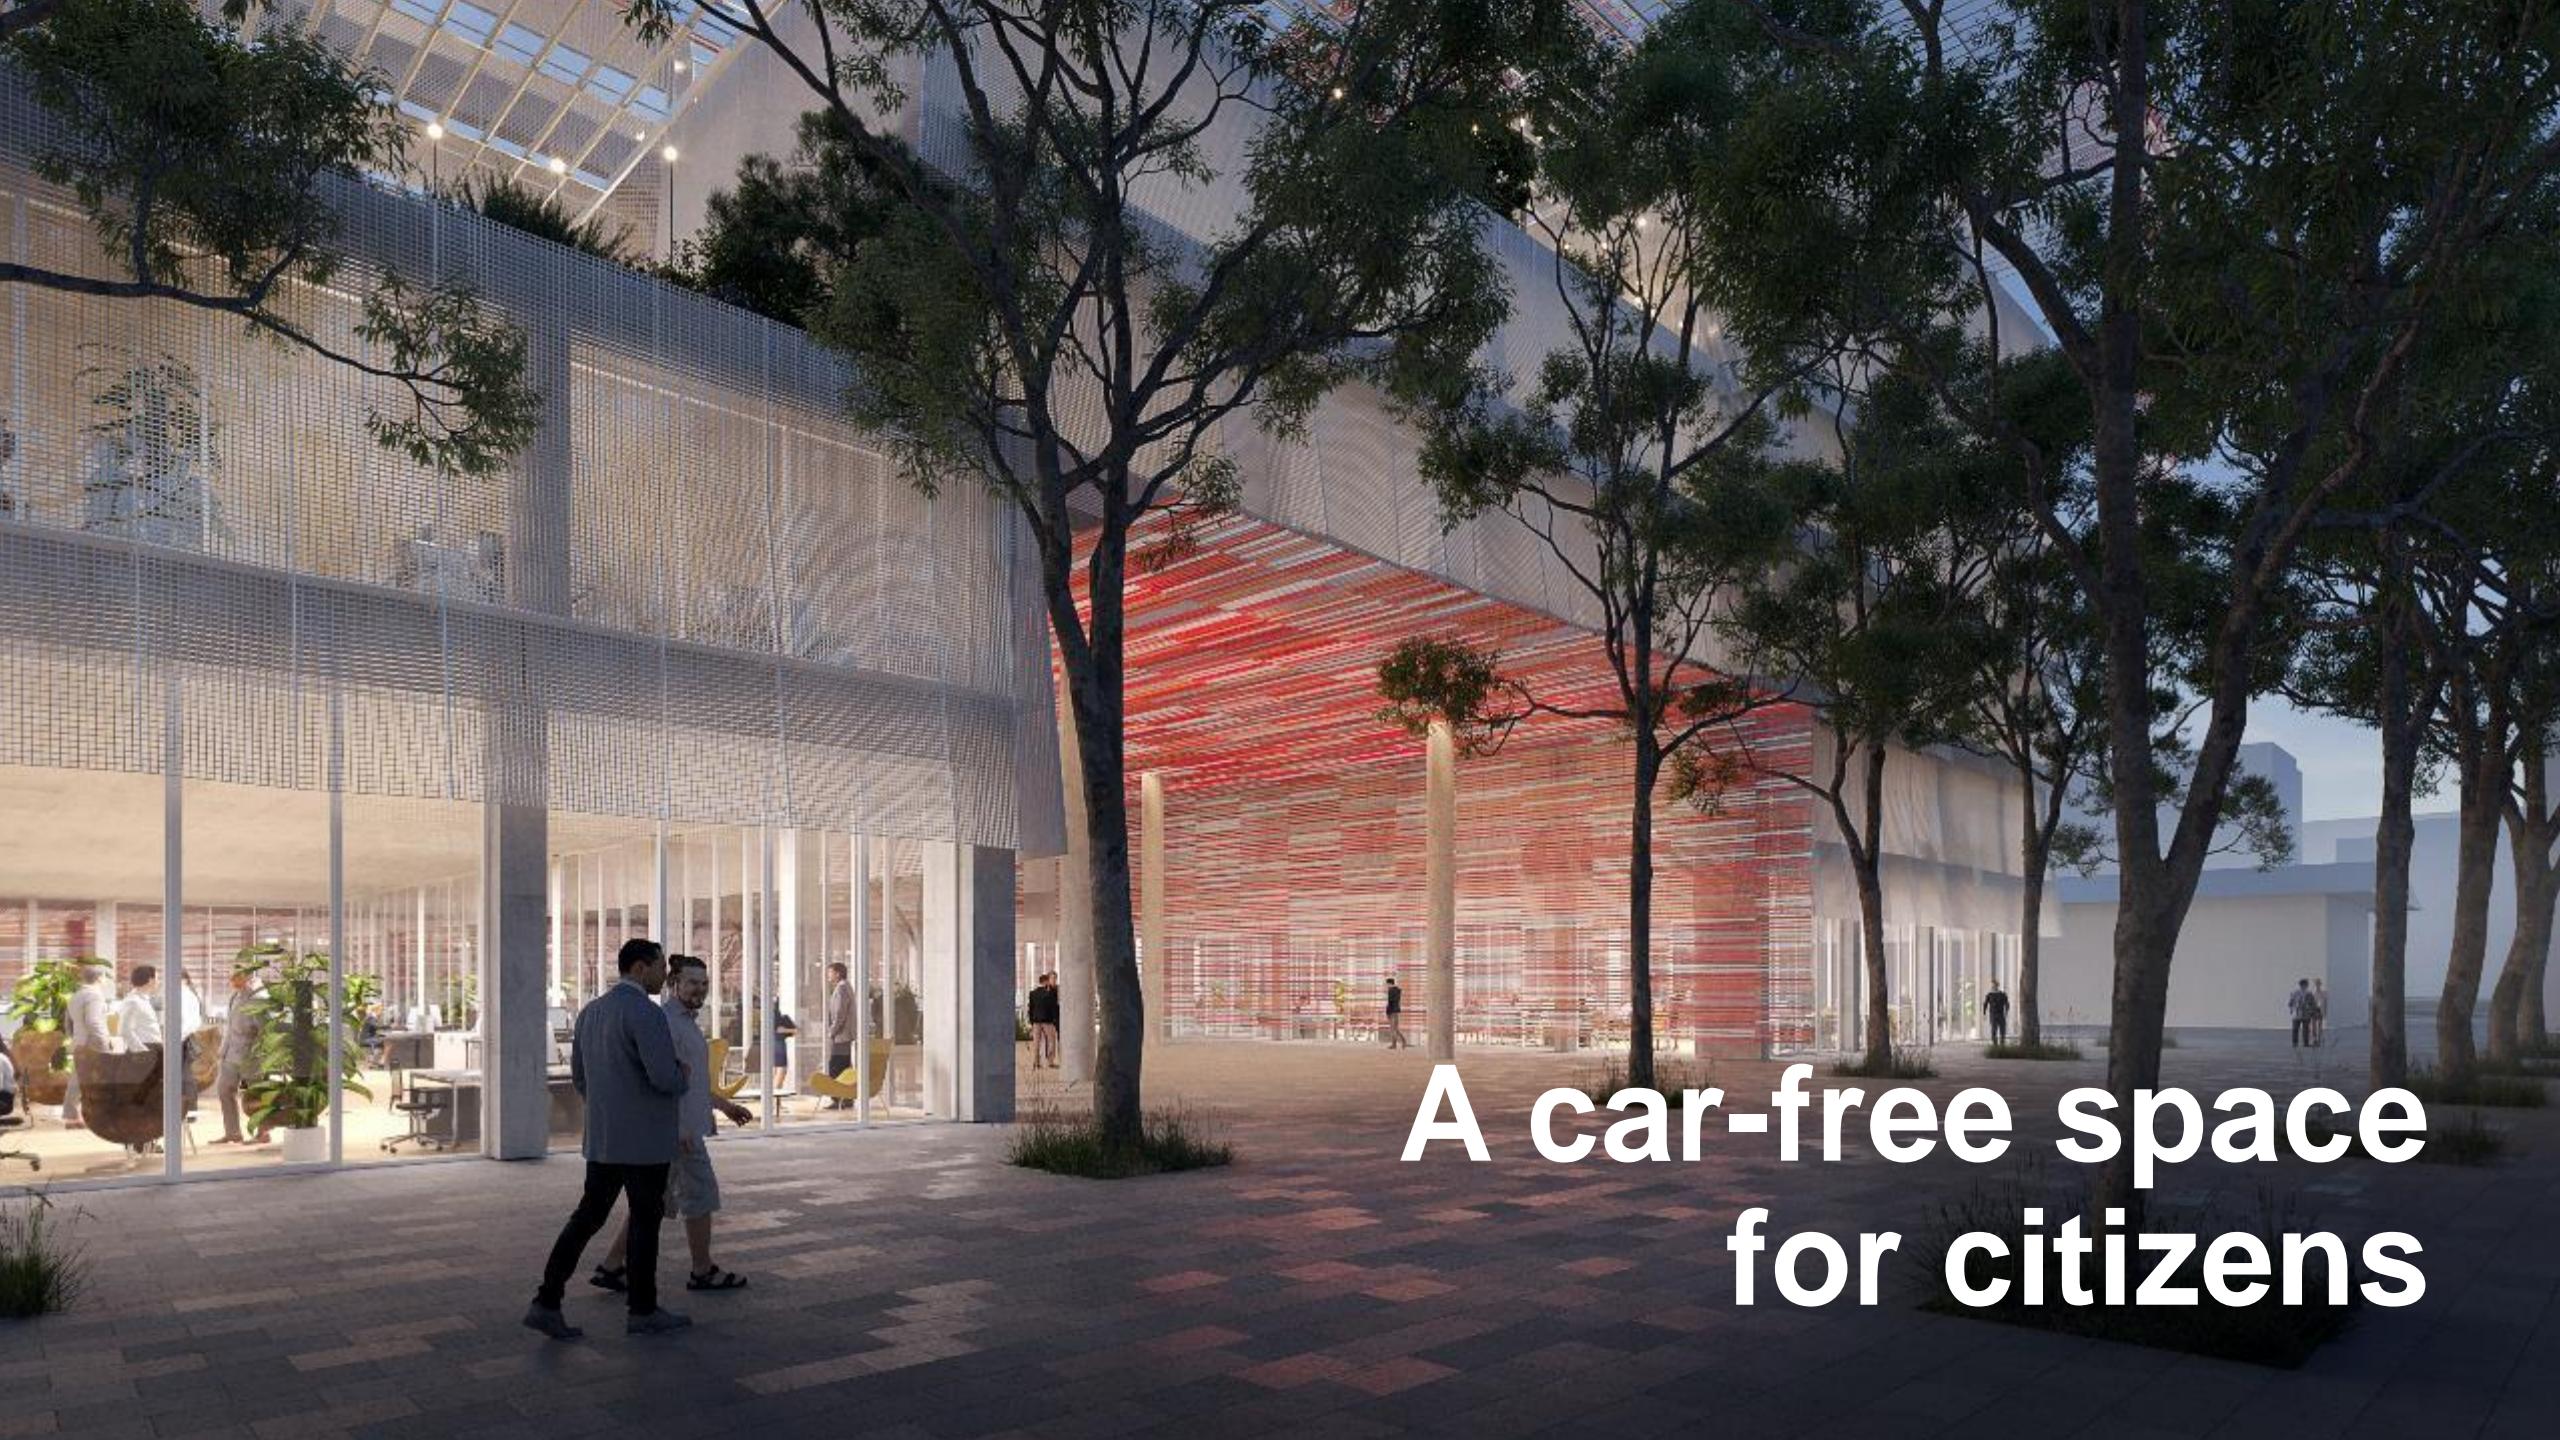

# Art as Identity

# A new home for the administration

**A car-free space  
for citizens**

# Woven into the city's fabric

# Connecting indoors and outdoors

Providing space  
for the people

# Thank you for your attention
