An aerial photograph of a city intersection. A red bounding box highlights a specific area in the lower-left quadrant of the image, encompassing a pedestrian crossing, a street lamp, and a trash bin. The intersection is paved with light-colored tiles and features several cars, including a white sedan and a dark sedan. A person is visible walking across the intersection. The surrounding area includes a building with a red-tiled roof on the left, a row of parked cars along the top edge, and various trees and street furniture. The image is used to illustrate the concept of a bounding box in computer vision.

Ndrirues i ulet  $h=1\text{ m}$   
(bollard light)

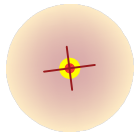

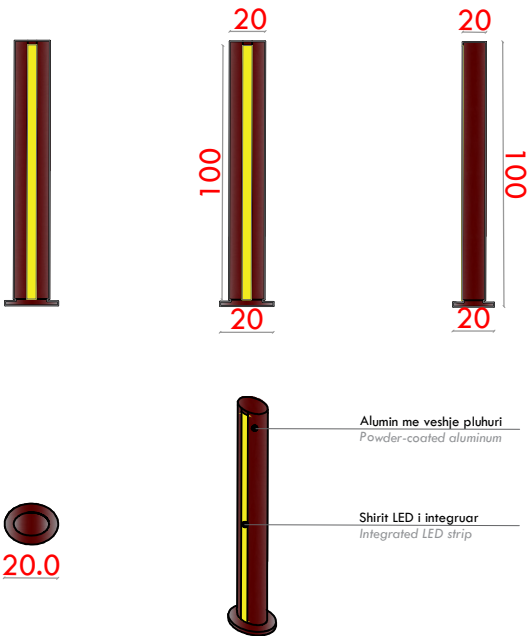

Ndricules i larte Rruge  
(High Street Light Pole)

-Propozojme te vendosen ndricues te njejte te aplikuar ne zonen historike.  
- We propose to install lighting fixtures identical to those used in the historical area.

Ndricules i ulet h=1m  
(bollard light)

-Propozojme te vendosen brenda hapësirave urbane te shesheve.  
-We propose to install them within the urban spaces of the squares.
