V

A number line diagram illustrating the addition of several numbers to reach a total of 194. The top line is a single horizontal line with arrows at both ends, labeled with the number 194 in the center. Below it is a second horizontal line, also with arrows at both ends, divided into five segments by tick marks. These segments are labeled with the numbers 30, 37, 60, 37, and 30 from left to right, respectively. The total length of this segmented line corresponds to the 194 marked on the top line.

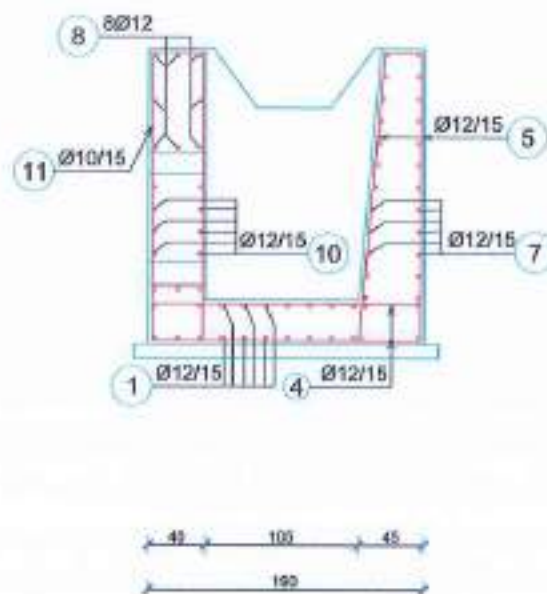

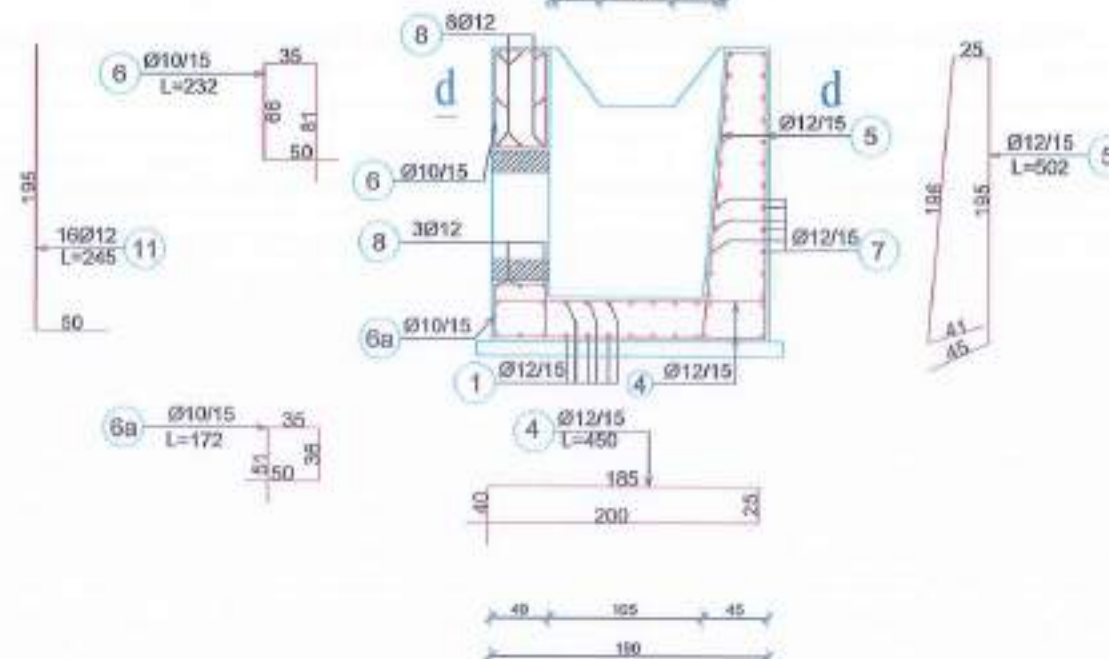

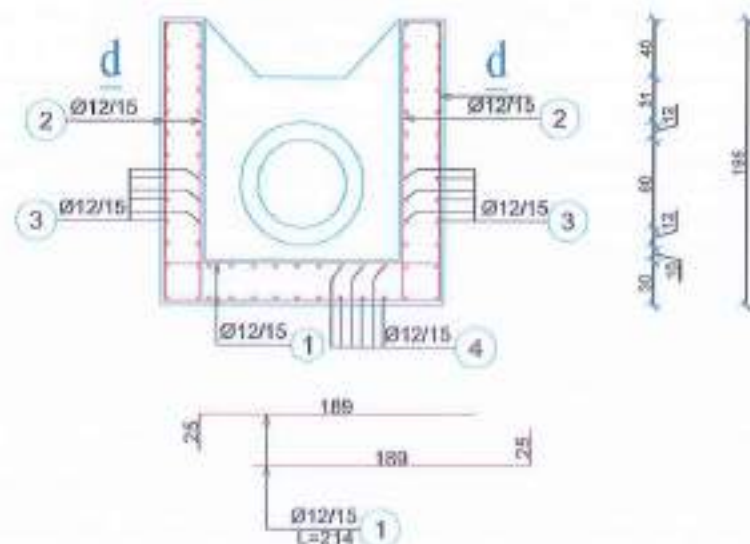

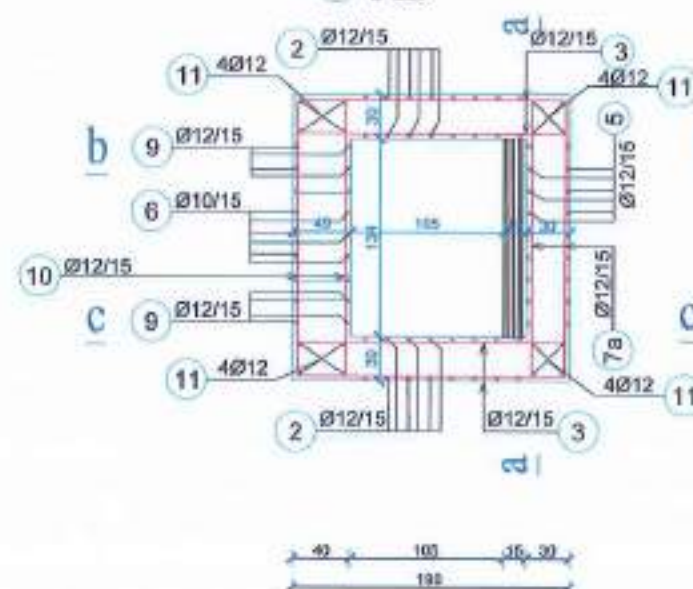

Diagram showing a 3x3 grid with dimensions. The grid is 183 units wide and 23 units high. The bottom-left cell is highlighted with a blue circle containing the number 3. The bottom-left cell is labeled with dimensions Ø12/15 and I=229.
